SUZANNE AND JIM

Ain't no bugs on me

Laugh with the lazy, but fun-loving grasshopper...

Learn if the woolly bear really predicts the weather...

Move and grove with "Itsy Bitsy Spider"...

Suzanne and Jim are full time professional entertainers with deep

roots in the traditions of American music & lore. Their lively singing is accompanied on a variety of instruments including banjo & guitar. **Ain't No Bugs on Me** includes delightful traditional songs, folk tales, and legends as well as photographs of the insects sung or told about. Audience involvement is encouraged and each participant receives an **Ain't No Bugs on Me** coloring page. Exercising their imaginations, voices and bodies, kids will go home with a song in their hearts, smiles on their faces and maybe a new curiosity about the wonderful world of insect life. **Sponsored by Friends of the Library!**
